Report title: Children's Services Comments, Compliments and Complaints Annual Report 2022/23

1 Context (or background)

- 1.1 There is a statutory duty for the Council to have a system for receiving representations by, or on behalf of, children who use the social care services they provide or commission; and for the Council to produce an annual report about the operation of the complaints procedure.
- 1.2 This report sets out the details of the comments, compliments and complaints for children's services in 2022/23. It highlights the themes that arise from them and the learning and service improvements that have resulted from the feedback received.

2 Options considered and recommended proposal.

- 2.1 Between 1 April 2022 and 31 March 2023, there were 229 statutory, corporate, and informal complaints received about children's services. That is, 167 statutory complaints, 14 corporate complaints and 48 informal complaints. The number of complaints under the statutory process has decreased from 167 received in 2022/23, 177 were received in 2021/22, 141 received in 2020/21, 163 received in 2019/20.
- 2.2 363 compliments were received during 2022/23, compared to 502 received in 2021/22 and 445 received in 2020/21.
- 2.3 21 complaints were made by children and young people themselves or from an advocate complaining on behalfof a child; the remainder were from adults. There has been a slight increase in the number of children or young people using an advocate to make a complaint 19 complaints received during 2022/23 compared to 14 complaints in 2021/22, 8 in 2020/21, 13 in 2019/20 and 11 in 2018/19.
- 2.4 Two main themes continue to be identified as arising from the complaints by and on behalf of users in 2022/23: issuesregarding poor communication with users; and concerns about the standards of service provided.
- 2.5 Themes from compliments were predominantly around the good standard of practice received from individual social workers and the overall standard of service received from teams. It is not currently possible to distinguish between compliments from children and young people themselves, or carers, or staff without manually going through every compliment. A selection of compliments from children and young people and families have been included in the appendix.
- 2.6 Appendix I sets out the children's services comments, compliments and complaints annual report for 2022/23, highlighting trends and the themes that has arisen from complaints and the learning and service improvements that have resulted from the feedback received.
- 2.7 Appendix II sets out the Council's guidance for handling complaints.
- 3 Results of consultation undertaken

3.1 None identified or undertaken.

5 Comments from the Director of Finance and Resources and Director of Law and Governance

5.1 **Financial implications**

There are no direct financial implications associated with this report. Financial remedies resulting from any complaints are paid out of service budgets. All complaints relating to financial issues were investigated and rectified accordingly. In 2022/23 there was 1 complaint which resulted in some form of financial remedy or reimbursement. This is detailed in Ombudsman section of the report. The amount paid out in 2022/23 was £500.

5.2 Legal implications

This report meets the legal requirement for the Council to monitor arrangements made in accordance with regulations by keeping a record of each representation received and compiling a report every 12 months on the operation of the procedure.

6 Other implications

6.1 How will this contribute to the Council Plan?

This annual report sets out the progress made by the service towards the Council Plan vision to be locally committed, by improving the quality of life for Coventry people, by contributing to the priority to protect our most vulnerable people. Children, young people and others acting on their behalf are encouraged to report any concerns about the care and services they are receiving so that these can be addressed quickly.

6.2 How is risk being managed?

There are reputational as well as financial risks when things go wrong. It is, therefore, important that the Council takes action and learns from the outcome of complaints.

6.3 What is the impact on the organisation?

The co-ordination and management of complaints involves considerable officer time. Therefore, where things have gone wrong, it is important for the Council to put things right, learn from the experience and make the necessary improvements. The feedback that is received from complaints and other representations is reported to managers on a regular basis to inform service planning and improvements.

6.4 Equalities and equality and consultation analyses (ECA)

ECAs have been built into the delivery of work in children's services. As part of continuous improvement, the service will continue to review the integration of equality and diversity into operational practice and performance monitoring.

The Service Recovery Team will collect data on complainants by protected characteristics such as ethnicity, sex and disability status from 2022/23 onwards. This will enable the Council to identify if its complaints policy is operating as intended, eliminate discrimination and advance equality of opportunity in line with the public sector equality duty.

6.5 Implications for (or impact on) climate change and the environment None

6.6 Implications for partner organisations?

Children's services may be delivered in-house, or by external agencies for instance partner organisations commissioned by the local authority. The responsibility remains with the Council even when services are delivered by external agencies or partner organisations. Therefore, it is important for the Council and partner organisations to learn from the experience when things go wrong and work together to make the necessary improvements.
