Councillor Mutton moved the following motion, which was seconded by Councillor Duggins, as set out in the requisition for an extraordinary meeting of the City Council, in accordance with paragraph 4.1.4 of the City Council's Constitution, signed by Councillors Mutton, Duggins, McNicholas, Mrs. Bigham and Mrs. Lucas:-

"This Council is concerned at the impact of the unilateral imposition of Single Status on service delivery to our constituents, as well as on staff morale, including the provocative use of agency employees.

We believe that this has been caused by the unnecessary haste at which the Conservative administration sought to introduce Single Status on taking up office and associated intransigence, thus ignoring the benefits of a negotiated settlement. We therefore agreed to go to assisted bargaining.

At the same time, this Council requests that the Chief Executive open up a dialogue with the Local Government Association and local Members of Parliament to establish if additional resources might be made available from Central Government".

The following amendment was moved by Councillor O'Neill, seconded by Councillor Taylor and carried, giving rise to the following Substantive Motion:-

"This Council is concerned at the impact of Single Status on service delivery to our constituents, as well as on staff morale.

This Council supports current and ongoing dialogue with the Local Government Association and local Members of Parliament to establish if additional resources might be made available from Central Government and notes that the offer of assisted bargaining has been made".
