Further to Minute 41/05, the Council considered a report of the Head of Corporate Policy requesting the Council to nominate the Chair, Deputy Chair and Members of the Best Value Review Group on Promoting Coventry.

Local authorities have a statutory duty under the Local Government Act, 1999 to conduct best value reviews of their functions. The Council had agreed to use this process to review the value, effectiveness and impact of the activity by the City Council and its

partners to promote the City of Coventry and to recommend how improvements may be made. The terms of reference agreed for the review were set out in the report.

50. **Debate – City Academies**

Councillor Field moved the following motion, which was seconded by Councillor Mrs. Basu:-

"This Council is concerned about the Government's proposals for City Academies and the current proposal to create Academies to replace Woodway Park, Barrs Hill and Sidney Stringer Schools.

The power to influence the curriculum and the 'ethos' of the school by the sponsor is disproportionate to the contribution made towards the cost of the school.

Of particular concern is the possibility that a sponsor with a strong religious agenda could turn a state school into a religious school, which pupils within the catchment area would have little choice but to attend. This totally contradicts the Parental Choice Agenda.

The concept of academies has yet to be proven and the Government's increasing pressure to force local authorities into setting them up is gambling with our children's future.

This Council therefore rejects the proposals to turn Woodway Park, Barrs Hill and Sidney Stringer Schools into city academies."

The following amendment was moved by Councillor Blundell, seconded by Councillor Crookes and carried, giving rise to the following substantive motion:-

"This Council notes the Government's proposals for City Academies and the current expression of interest to create two academies to replace Woodway Park, Barrs Hill and Sidney Stringer Schools.

This Council also recognises that there are a number of legitimate concerns which will be addressed through the consultation process.

Therefore this Council supports the consultation concerning the proposals to turn Woodway Park, Barrs Hill and Sidney Stringer Schools into City Academies prior to the final determination being made by the City Council."

**RESOLVED that the substantive motion, as set out above, be adopted.**
