

### Fair Access Protocol monitoring – Autumn and spring terms 2010/11

The table below shows details of those children whose cases were considered by the Social Inclusion Placements Panel and who were identified as hard to place and referred for admission to schools in line with the protocol in the current academic year up to 7 April 2011. The service level agreement (SLA) column shows the number each school would be expected to take during 2010/11. This number has been reached via a formula taking into account the differing sizes of schools, the degree of transience faced by the school and the relative deprivation of the school's population. The waiting times are in school days and show the length of time before pupils were admitted to the schools. Updated details on those still awaiting admission will be provided at the meeting.
