### **27. Renewing the Section 75 Partnership Agreement for Mental Health Services**

The Cabinet Member considered a report of the Deputy Chief Executive (People) regarding renewing the Section 75 (S75) Partnership Agreement for Mental Health Services.

This report sought permission to extend the existing Section 75 Partnership Agreement with Coventry and Warwickshire Partnership Trust (CWPT) for the delivery of integrated mental health services. The City Council entered into a Section 75 agreement on 1 April 2014 following Cabinet approval initially for a three year period but with provision for annual extensions. The agreement was extended from 1 April 2017 for a period of 12 months and this report sought permission for a second extension of this agreement for a further 12 months.

The Section 75 Partnership Agreement provided the legal framework to underpin joint working in Adult and Older People's Mental Health Services. Under this framework, joint Health and Social Care teams delivered mental health services from a single line management structure led by CWPT with designated Council staff seconded, and the delegation of specific social care duties. Although the service delivery elements were integrated the financial responsibilities for health and social care remain separate with this separation to continue under the extended agreement.

Coventry City Council, Warwickshire County Council and CWPT remained committed to integrated working practices as a means for delivering joined up support to people with mental ill health across Coventry and Warwickshire. The S75 agreement continued to provide a suitable vehicle through which to deliver this.

Over the period of the previous extension a formal review of the agreement was undertaken. In summary the review had concluded that whilst there were pressures within the service that need consideration in order to enable staff and managers to deliver the integrated health and social care service and maximise the unique contribution each professional brings it remained the most appropriate way to deliver services in the City.

As an outcome of the review it was considered that seeking to continue the S75 arrangements as opposed to dissolving this and returning to single agency arrangements for mental health services was preferable. There were however a number of matters that arose within the review that needed to be addressed prior to committing to a new and longer term arrangement. The further 12 month extension enabled these changes to be made and then embedded them in a revised S75 agreement from 1 April 2019.

The Cabinet Member and Shadow Cabinet Member discussed the following areas with the officer present:

- Contract options
- Partnership working
- Data
