6. **Application S73 2018 0583 - 8 Station Avenue**

Councillor Lapsa, a Westwood Ward Councillor and a registered speaker attended the meeting and spoke in respect of his objections to the application. The applicant's representative attended the meeting and spoke in support of the application.

Following consideration of the report and matters raised at the meeting, Members considered that the original application for change of use was granted on the basis of daytime operational hours and not evening hours on the grounds that the site is a terraced property and the proposal would have a detrimental impact on the amenity of the adjoining property.

**RESOLVED that planning permission be refused in respect of application S73/2018/0583.**

7. **Application HH 2018 0542 - 143 De Montfort Way**

8. **Application OUT 2018 0756 - 56 Craven Street**

The Committee considered a report of the Head of Planning and Regulation which outlined the above application which sought outline planning permission (matters relating to access and scale only) for the erection of a two-bedroomed dwelling house (two storey in height). All other matters reserved. The application was recommended for approval.

Councillor Innes, a Whoberely Ward Councillor and two registered speakers attended the meeting and spoke in respect of their objections to the application. The applicant's agent also attended the meeting and spoke in support of the application.

The late representation document detailed two additional representations received and outlined the parking survey methodology.

Following consideration of the report and matters raised at the meeting, Members considered that the proposal failed to demonstrate that there is sufficient parking provision in the vicinity of the site to accommodate the parking requirements of the proposed dwelling, in an area that already experiences severe parking problems. In addition, the proposal fails to demonstrate adequate access can be provided to the existing dwelling No. 56 Craven Street.

**RESOLVED that planning permission be refused in respect of Application OUT/2018/0756 as the proposal failed to demonstrate that there is sufficient parking provision in the vicinity of the site to accommodate the parking requirements of the proposed dwelling, in an area where there is an existing high demand for on-street parking spaces, particularly during the late evening and weekend periods.
