3. Gambling Act 2005 - Review of Gambling Policy Statement of Principles 2025-2028

The Cabinet Member for Policing and Equalities considered a report of the Director of Law and Governance which sought the Cabinet Member's views on and approval to consult on the draft revised Gambling Policy Statement of Principles 2025 – 2028 under the Gambling Act 2005. The Cabinet Member noted that the report would be considered by the Licensing and Regulatory Committee at their meeting on 6 August, 2024. A copy of the draft revised Policy was appended to the report.

The report indicated that under the terms of the Gambling Act 2005, the Council's Gambling Policy Statement of Principles has to be renewed every three years. The current Gambling Policy Statement of Principles came into effect on 31st January 2022 and a review must therefore be completed. There is a requirement in the Act for the Council to publish and advertise the revised Gambling Policy Statement of Principles at least 4 weeks before, by 3rd January 2025. The Gambling Policy Statement of Principles produced by the Licensing Authority under the Gambling Act 2005 will be relevant for all licensing decisions taken by the Council as the licensing authority over three years commencing on 31st January 2025.

The general principles of the Gambling Policy Statement of Principles remain the same and the document is still centered around the Gambling Act's three licensing objectives, namely:

- Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime;
- Ensuring that gambling is conducted in a fair and open way; and
- Protecting children and other vulnerable persons from being harmed or exploited by gambling.

Before amending the Policy for a further three-year period, licensing authorities are required to carry out a wide consultation process. In addition to those it must consult by law, the Council has authority to include in the process any individuals or organisations it deems appropriate. The Responsible Authorities (statutory consultees – Gambling Commission, West Midlands Police, West Midlands Fire and Rescue Service, Planning, Environmental Health (functions in relation to pollution to the environment or harm to human health) Safeguarding Children Board, HM Revenue & Customs, Community Safety Team and Public Health will be consulted on the draft revised policy.

The public consultation exercise will begin on the 9th August 2024, for a 6 week period and finish on the 20th September 2024 and will include the following elements:

- Mail shots to representatives of the licensed trade, clubs and key partners;
- Formally writing to the Chief Officers of the responsible authorities;
- Mail shots to businesses and organisations, places of worship; and
- Wider public consultation through the City Council Website.

The revised Policy complies with updated Gambling Commission guidance and regulations. It has been developed with all 6 Warwickshire Licensing Authorities (Warwickshire County Council, North Warwickshire Borough Council, Nuneaton & Bedworth Borough Council, Rugby Borough Council, Stratford on Avon District Council and Warwick District Council), although each authority has adapted the policy to suit the needs of their area and profile.

There are no proposed significant changes to the Policy, only minor amendments and additions. These were shown highlighted in yellow in the draft revised Policy.

The Cabinet Member and Deputy Cabinet Member asked questions and sought assurances in relation to current enforcement and planning matters and noted that there are potential forthcoming changes which are under review from the Gambling Commission, but at this stage full details of these changes have not been confirmed. The proposed changes include improving consumer choice on direct marketing, strengthening age verification in premises, amending and introducing new requirements on remote game design, remote gambling (financial vulnerability checks and financial risk assessments). Once these changes have been implemented a further review of the Policy will take place.

RESOLVED that the Cabinet Member for Policing and Equalities:-

- 1) Notes the draft revised Gambling Policy Statement of Principles and authorises the Director of Law & Governance to carry out the consultation as detailed in the report.**
- 2) Requests officers to undertaken underage test purchases in premises licenced under the Gambling Act 2005.**

Report title: Proposed Amendments to the Constitution

1. Context

- 1.1 The Council's Constitution sets out how the Council carries out its business and makes decisions. It is a living document and is reviewed and updated from time to time to ensure that it meets changing legislative requirements and reflects changes in practise within the Council.
- 1.2 The Constitutional Advisory Panel at its meeting on 10 September, 2024 considered proposed changes to the Constitution. These were amendments to the Contracts Procedure Rules as set out in Part 3G of the Constitution. The Advisory Panel were also informed of minor changes and corrections that were required to be made to ensure that the Constitution is up to date.

Options considered and recommended proposals

2. Contracts Procedure Rules – Part 3G

- 2.1 The proposed amendments to the Contract Procedure Rules as set out in Appendix A are to align to the forthcoming introduction of the Procurement Act 2023.
- 2.2 The Procurement Act 2023 is a new set of rules which govern the procurement of goods, services and/or works in the public sector. Announced as forthcoming legislation following the UKs exit from the European Union, the new act was laid before Parliament in May 2022 and obtained Royal Assent in October 2023. The new Act and supplementary Procurement Regulations 2024 come into force as of 24 February 2025 (originally 28 October 2024, but having recently been postponed).
- 2.3 The Procurement Act 2023 replaces the existing procurement rules (Public Contracts Regulations 2015, Concession Contracts Regulations 2016, Utilities Contracts Regulations 2016), though transitional arrangements confirm that any contracts entered in to, or tenders commenced prior to, the go live date of 24 February 2025 will be subject to the requirements of the current legislation until their expiry, meaning relevant authorities will be managing contracts under two sets of legislation for a number of years.
- 2.4 The Procurement Act 2023 amalgamates the different tender procedures, places focus on the priorities of the National Procurement Policy Statement and seeks to open up public procurement to new entrants and SMEs.
- 2.5 In addition, the Procurement Act 2023 seeks to provide greater transparency through the procurement and contract management lifecycle, greatly increasing the number of notices that relevant Authorities will need to publish through the procurement process and term of the contract.
- 2.6 To ensure compliance with the forthcoming Procurement Act 2023, the proposed changes to the Contract Procedure Rules can be summarised as follows:

- Updated terminology with respect to the legislation and notice portals
- Reference of the requirement to consider the priorities of the National Procurement Policy Statement (NPPS)
- Expansion on clause 15 in relation to Specifications to align to the requirements of the Procurement Act 2023.
- Reflection of the new procedure types under the Procurement Act 2023.
- Inclusion of notice publication requirements reflected throughout the document to ensure officers are aware of the requirements, as well as the inclusion of Appendix 4 providing information and exclusions with regards to the new notice regime.
- Expansion of the contract management provisions in relation to the requirements under the Procurement Act 2023.
- Updated job titles in relation to the Director for Finance and Resources reflected throughout the document.

2.7 Furthermore, the proposed changes to the Contract Procedure Rules include the requirement to publish all contracts in excess of £5,000 on the Contracts Register in accordance with the Local Government Transparency Code, expanding on the legislative requirement of £25,000.

2.8 The Constitutional Advisory Panel agreed that all of the proposed amendments, as detailed in Appendix A, should be recommended to the Cabinet Member for Policing and Equalities for approval.

3. **Scheme of Functions Delegated to Employees – Part 2M**

3.1 Part 2M of the Constitution sets out the Scheme of Functions Delegated to Employees. Following recent changes to the Senior Management Team, including changes to job titles and some of the responsibilities of Directors, the Constitution needs to be updated to reflect these changes. The Constitution provides authority for the Monitoring Officer to make minor changes and corrections to the Constitution and this work will be undertaken to ensure that the Constitution is up to date.

3.2 The Constitutional Advisory Panel noted that this work would be undertaken.

4. **Results of consultation undertaken**

4.1 The proposed amendments have been considered by the Constitutional Advisory Panel to which all Group Leaders were invited to attend.

5. **Timetable for implementing this decision**

5.1 It is proposed that following Council approval, authority be delegated to the Director of Law and Governance to make the amendments to the Contract Procedure Rules, Part 3G, once the Procurement Act 2023 is enacted.

6. **Comments from the Director of Finance and Resources and the Director of Law and Governance**

PART 3G: CONTRACT PROCEDURE RULES

1. Introduction

1.1 These Contract Procedure Rules (CPRs) are the standing orders required by the Local Government Act 1972. They are part of the Council's Constitution and are, in effect, the instructions of the Council to officers and councillors for making contracts on behalf of the Council. The purpose of these CPRs is to set clear rules for the procurement of works, goods and services for the Council and to ensure a system of openness, integrity and accountability, in which the probity and transparency of the Council's procurement process will be beyond reproach. Accordingly, these CPRs must be followed for **all** contracts (but excluding the categories listed in Rule 6.2, grants and land contracts which are dealt with under different rules) for:-

- the supply of goods to the Council;
- the supply of services to the Council; and
- the execution of works for the Council.

1.2 The Council has a Procurement Strategy, setting out how the Council intends to go about procuring works, goods and services. Conformity to these CPRs, and the Council's Employee Code of Conduct and relevant associated employment policies, will ensure that contracts are let in accordance with the *Procurement Strategy* and any associated *User Guides and Procedures*.

1.3 The Council is subject also to the following regulations:

(a) ~~Public Contracts Regulations 2015 (SI 2015/02)~~The Procurement Act 2023 and supplementary Procurement Regulations 2024.~~in relation to the procurement of goods, services and works,~~

~~(b) Concession Contracts Regulations 2016 in relation to the placement of concession contracts,~~

~~(e)~~(b) the Health Care Services (Provider Selection Regime) Regulations 2023, (introduced by the Health Care Act 2022 for the procurement of in-scope health care services and public health services in England.

For contracts entered in to prior to the commencement of the Procurement Act and supplementary Regulations, the Council is also subject to the Public Contracts Regulations 2015 in relation to the management of contracts for goods, services and works, and the Concession Contracts Regulations 2016 in relation to the management of concession contracts.

These legislations requires contract letting procedures to be open, fair and transparent. These CPRs provide a basis for true and fair competition in contracts, by providing clear and auditable procedures, which, if followed, will

give confidence that the Council has a procurement regime that is fully accountable and compliant with the legislation.

For works contracts, one of the standard forms of contract, such as the NEC, JCT or ICE forms may be appropriate. The Legal and Procurement Services Team, in consultation with Legal Services, will advise on other suitable forms of contract.

6.4 Responsibility for compliance with CPRs remains at all times with Council officers. Directors and the Head of Legal and Procurement Services will be responsible for monitoring compliance against these rules, aided by internal or external audits or inspections which will be carried out as appropriate.

6.5 See Rule 8 regarding approvals required before a Relevant Procedure (as defined in Rule 8.1.1) may be commenced.

7. Justification of Need

7.1 Before any Relevant Procedure (as defined in Rule 8.1.1) is commenced consideration must be given to:

- (a) whether the expenditure is really necessary, and/or can demonstrate benefit to residents or the Council;
- (b) whether a critical review has been carried out to identify if the requirement can be met from within existing resources or whether it is being funded through grants or other approved income sources;

(c) the revenue consequences of any capital investment;

~~(e)~~(d) the national priorities contained within the National Procurement Policy Statement; and

~~(d)~~(e) in any case, whether the necessary approvals in Rule 8 have been obtained.

8. - Approvals Required before Certain Relevant Procedures are Commenced

8.1 Rule 8 applies to any Relevant Procedure:

8.1.1 *Relevant Procedure:* means any procedure conducted by or on behalf of the Council for the genuine purpose of the Council (alone or with others) entering into a contract for the purchase of goods, services and/or works, subject to the following:

- (a) This shall include (without limitation), the seeking of quotations, the

Part 3G – Contract Procedure Rules

conduct of any tender exercise via the Open or Competitive Flexible Procedure, including those as prescribed under the Provider Selection Regime, the conduct of any direct award or mini-competition exercise under a framework agreement, the making of a purchase under a dynamic purchasing system market or off an approved list (or the like), ~~and the conduct of a negotiated procedure by or on behalf of the Council.~~

- (b) This shall not include any genuine exercise to research market conditions (including without limitation, any soft market testing or benchmarking exercise) which is not in itself genuinely intended to directly result in the Council entering into a contract for the purchase of goods, services and/or works or concession arrangement.

8.1.2 This Rule 8 only applies to conduct involving Council members and its officers and does not apply as between the Council and the public at large. Accordingly (and without limiting the implications of this), non-compliance by the Council or by any of its members or officers with all or any part of this Rule 8 shall not in itself result in any of the following:

- (a) Any act by or on behalf of the Council resulting from that non-compliance being invalid for any reason (including without limitation, any assertion that the Council has acted beyond its powers).
- (b) Any member of the public (including any person to who takes part in a Relevant Procedure which is conducted in breach of this Rule 8) having any claim of any kind whatsoever against the Council, including any claim for compensation.

8.2 *Requirements before a Relevant Procedure may be commenced:*

All of the following, to the extent relevant, and without limiting other requirements elsewhere in the Council's Constitution but subject to the exceptions in Rule 8.5 must be completed before a Relevant Procedure may be commenced:

- (a) The expenditure must be within approved budget and policy framework which has been approved by Members.
- (b) The use of expenditure must have been approved by the Procurement Board (or on the Procurement Board's behalf by the Procurement Panel where relevant) in accordance with Rule 8.3.
- (c) Where the Relevant Procedure is a sensitive matter (see Rule 8.4), the Procurement Board shall consider and give its approval or delegate the approval to the Procurement Panel.

8.3 *Delegation by the Procurement Board of the task of considering whether to approve a prospective Relevant Procedure for the purposes of Rule 8.2(b).*

The Procurement Board may (but shall not be obliged to) delegate that task to Procurement Panel (or any other relevant subcommittees the Procurement Board has in place from time to time), **but only if both of the following conditions** apply to the prospective Relevant Procedure under consideration:

Part 3G – Contract Procedure Rules

- (a) The reasonably estimated total value of the contract or contracts for goods, services and/or works expected to be entered by the Council at the conclusion of the Relevant Procedure (whether under a single contract, as aggregated under a framework agreement across its full term, across two (2) or more lots contained in the same Relevant Procedure, or as aggregated under a series of reasonably connected contracts) is **less than** £1,000,000 (one million pounds). Where there is reasonable doubt about whether the value is to exceed that figure, there shall be a presumption for the purposes of this Rule 8.3 (a) that it does exceed that figure; **and**
- (b) The Relevant Procedure is **not** a sensitive matter (see Rule 8.4).

8.4 Any of the following may constitute a 'sensitive matter' for the purposes of this ~~s 8~~
~~Rule 8~~ but the Procurement Board or Procurement Panel will make the decision.

- (a) There is a significant risk (on a reasonable view) that the Relevant Procedure (and/or any purchase of goods, services and/or works resulting from it) will create serious adverse publicity for the Council.
- (b) Under the proposed contract for the purchase of goods, services and/or works expected to result from the Relevant Procedure, the Council would be required to deal with a particular supplier or provider on an exclusive basis.

8.5 *Exceptions to obtaining any of the approvals required in Rule 8: only with the written consent of the Director responsible for Legal and Procurement Services and the Chief Finance Officer (if they are not the same person).*

9. The Procurement Board and Procurement Panel

9.1. Composition of the Procurement Board:

10. Exceptions to CPRs

10.1 An exception to the CPRs is a permission to let a contract without complying with one or more of the Rules. An exception to CPRs may be granted subject to conditions. An exception cannot be granted where a breach of any UK legislation would be incurred.

10.2 Any Director may grant an exception to these CPRs where the value is below £100,000, except for contracts captured by the Provider Selection Regime. Any exception to CPRs of £100,000 and above (and up to [PCR-PA2023](#) thresholds) will need the approval of the Director responsible for Legal and Procurement Services or his/her authorised deputy who may grant an exception to these CPRs. Applications for exceptions must be made in writing to the appropriate Director and include the exception rule that is requested and the justification for the exception. All Directors granting an exception or exceptions will notify Legal and Procurement Services of all exceptions granted at a frequency to be determined by the Director responsible for Legal and Procurement Services.

Part 3G – Contract Procedure Rules

- 10.3 The Director responsible for Legal and Procurement Services will keep a register of all exceptions to CPRs, which shall be available by appointment for inspection by members of the Council and the public. An annual report on exceptions granted in the previous financial year will be presented to the Procurement Board.
- 10.4 An application for an exception to CPRs to allow a contract to be let without genuine competition will not be granted without a cogent reason. A lack of time caused by inadequate forward planning is not a cogent reason and will not permit an exception to CPRs. If an application is granted, the Director responsible for the contract must demonstrate that the price obtained is not in excess of the market price and that the contract represents best value for money.
- 10.5 Where an exception has been granted in line with these rules, a further exception must be sought if the value of the original exception has been exceeded **or** the time period granted for the exception has elapsed.
- 10.6 An exception to the requirements to follow the tender or quotation procedure **may** be granted in the following circumstances:
- (a) an unforeseeable emergency involving danger to life or health or serious damage to property, in which the work, goods or services are required more urgently than would be possible if the tender or quotation procedure were followed;
 - (b) for justifiable technical reasons, the works, goods or services can be obtained from only one supplier;
 - (c) acquiring goods or services from a different supplier would result in incompatibility with existing goods or service or disproportionate technical difficulties;
 - (d) the proposed contract is an extension to or variation of, the scope of an existing contract, if permitted by the public procurement legislation i.e. below the required ~~PCR~~ threshold, *unless* the existing contract provides for an extension;
 - (e) there is a need to develop and influence the market by extending the range and provision of services, provided the contract is for a fixed term of no more than three years;
 - (f) it is necessary to enable the continuation of a new service, development of which was initially grant-aided, provided the contract is for a fixed term of no more than three years;
 - (g) when a grant from a public body includes a recommendation as to the supplier or is time limited;
 - (i) in furtherance of the Council's social enterprise policy, or other economic development aims, subject to the prevailing financial support limits for this type of activity and without breaching public procurement rules;

Part 3G – Contract Procedure Rules

- (j) if there are exceptional circumstances in which it would not be in the Council's best interests to follow the tender or quotation procedure or another Contract Procedure Rule.

10.7 An exception to Contract Procedure Rules is granted and separate authorisation is not required in the following circumstances:

- (a) placing an order against a contract/framework agreement let by another Public Body where contracts have been let to allow collaboration, e.g., Eastern Shires Purchasing Organisation (ESPO), Central Buying Consortium (CBC, Buying Solutions, etc.), where the value is below £100,000. If £100,000 or above, approval should be sought via the Procurement Panel or Procurement Board;
- (b) as part of a partnering contract that contemplates a series of contracts with a single supplier;
- (c) legislation requires the Council to let a contract differently from these Contract Procedure Rules;
- (d) value for money can be achieved by the purchase of second hand/used vehicles, plant or materials
- (e) the purchase of works of art, museum artefacts, manuscripts, archive collection items or the services of artistic and cultural performers;
- (f) Residential Placements for an individual with a registered care provider of their choice under the Care Act 2014; and
- (g) for decision making on utilities contracts. Due to the volatile nature of utilities markets and the need for expedient decision making, authority has been delegated through the approval of these Rules to the Director responsible for Legal and Procurement Services in consultation with the ~~Chief Operating Officer~~Director for Finance and Resources. If the ~~Chief Operating Officer~~Director for Finance and Resources is also the Director responsible for Legal and Procurement Services, then the decision will be made by the ~~Chief Operating Officer~~Director for Finance and Resources in consultation with the Chief Executive or his nominated representative. All utilities contracts will be let through Legal and Procurement Services and in line with the procedures dictated by the Head of Legal and Procurement Services.

11. Valuation of Contracts and Aggregation of Requirements

11.1 The Director responsible for each contract must record an estimated value for the contract before any offers are sought.

11.2 The total value of the contract is the total amount that the Council expects to pay for the contract includes the following; ~~either in a single sum or periodically over time and should be calculated in accordance with the most appropriate of the following~~:

- (a) ~~Capital and fixed term contracts — the total price which is expected to~~

Part 3G – Contract Procedure Rules

~~be paid during the whole life of the contract period, including all extension options and contingency allowance the value of any goods, services or works provided by the Council other than for payment~~

- ~~(b) Where the contract period is uncertain, multiply the price estimated to be paid each month by 48 amounts that would be payable if an option in the contract to supply additional goods, services or works were exercised~~
- ~~(c) If the purchase is one of a series of regular transactions for the same type of item, the 'Total Value' is the expected aggregate value of all of these transactions over a 12 month period amounts that would be payable if an option in the contract to extend or renew the term of the contract were exercised~~
- ~~(d) For feasibility studies, it is the value of the scheme or contracts which may be awarded as a result amounts representing premiums, fees, commissions or interest that could be payable under the contract~~
- ~~(e) Amounts representing prizes or payments that could be payable to participants in the procurement.~~

~~11.3 In estimating the value of a contract, the Council must take into account all of the facts which are material to the estimate and available to the Council at the time is makes the estimate.~~

~~11.4 In estimating the value of a framework, the Council must estimate the value as the sum of the estimated values of all the contracts that have or may be awarded in accordance with that framework.~~

~~11.5 In estimating the value of an open framework, the Council must estimate the value as the sum of all frameworks awarded, or to be awarded, under the Open framework.~~

~~11.6 In estimating the value of a Concession contract, the Council must estimate the value as the maximum amount the supplier could expect to receive under or in connection with the contract including, where applicable, amounts already received.~~

~~11.7 Where it is not possible to estimate the value of a contract in accordance with Schedule 3 of the Procurement Act 2023, the Council is to treat the contract as having been estimated to be of an amount of more than the threshold amount for the type of contract.~~

~~11.83 Contracts for the same works, goods or services must not be split into smaller, separate contracts to avoid compliance with these CPRs or the **Public Contracts Regulations 2015** **Procurement Act 2023**.~~

~~12. 12. Duties of Directors and the Head of Legal and Procurement Services~~

~~12.1 The Director is responsible for ensuring that all expenditure involving procurement activity complies with the CPRs and is responsible for ensuring that contracts within his/her division are managed and operated within the terms~~

- 12.3 As soon as practicable after the Council's budget has been set and in any event before the end of March in each financial year, the Director must notify the Head of Legal and Procurement Services of all contracts (including their values) that his/her division plans to enter into during the following financial year.
- 12.4 The Director must use corporate contracts, where they are in place. ~~To do otherwise would be unlikely to give value for money for the Council and may be in breach of the~~ Public Contract Regulations 2015~~Procurement Act 2023.~~
- 12.5 If there is an in-house service available that operates as a trading unit, the Director must consider, in accordance with Value for Money principles, whether that service should be used or whether a contract should be let to an external provider, although all resource implications (e.g. TUPE implications and/or redundancies for directly employed staff), must be considered as part of the best value assessment.

~~13.~~ 13. Selection of Procurement Route

- 13.1 When selecting the most appropriate procurement route to secure value for money, the Director, in consultation with the Head of Legal and Procurement Services, shall adhere to the following principles:
- (a) All practical options for contract packages and methods of procurement should be analysed and evaluated, with the object of selecting the option that most effectively ensures value for money is achieved. The preferred option must provide full, fair, transparent and open competition and be identified as the most ~~economically~~ advantageous bid.
- (b) The scope of contract packages should take into account cross-cutting themes and outcomes identified by strategic, policy and service reviews. Stakeholders within and outside the Council should be consulted about service standards and specifications and investigation of the market undertaken. Performance under any current contract should be appraised and prospective performance considered in the light of consultations and investigations.
- ~~(b)(c)~~ The Council is not required to conduct preliminary market engagement. However, preliminary market engagement is beneficial to the Council and the market in preparing for the procurement and developing the requirement. Where preliminary market engagement is to be

Part 3G – Contract Procedure Rules

undertaken, the Head of Legal and Procurement Services shall ensure that the necessary Preliminary Market Engagement Notice is published in accordance with the Procurement Act 2023.

~~(e)~~(d) The contract package should seek to stimulate diversity and innovation, enhance choice for service users and attract new suppliers.

~~(d)~~(f) Consideration of reducing and/or removing barriers to entry in the procurement process for SMEs, VCSEs and start-ups.

14. 14. Authority to Enter into a Contract

14.1 Officers may only enter into a contract if authority is delegated to them or by specific decision of the Council, the Cabinet or Cabinet Member or Procurement Board or Procurement Panel.

14.2 Unless an officer has been given authority to enter into a contract, all contracts involving capital expenditure must be authorised by a specific decision of the Cabinet or a Cabinet member.

14.3 Unless an officer has been given authority to enter into a contract, all contracts involving revenue expenditure must be authorised by a specific item in the approved revenue budget for the relevant year. A specific item in the approved revenue budget is deemed to be an authority for the relevant Director to enter into a contract up to the value estimated.

14.4 All contracts will be let with the involvement of Legal and Procurement Services in consultation with service users and technical experts.
See Appendix 1 for Governance Flowchart

15. 15. Specifications

15.1 The Director, in conjunction with the Head of Legal and Procurement Services, must ensure that an appropriate specification is prepared for every contract, which sets out clearly the Council's requirements with regard to the works, goods or services to be supplied.

15.2 The Director, in conjunction with the Head of Legal and Procurement Services shall ensure that specifications do not unnecessarily narrow the competitive pool of suppliers, and suppliers are treated equally.

~~15.32 Where applying standards applicable to the goods, services or works, the Director shall ensure that the specification is clear when referring to UK standards that if it is considered that equivalent standards from overseas have been satisfied, this will be treated as having satisfied the UK standard. All works, goods and services must be specified by reference to European or national standards where appropriate.~~

15.34 Specifications should incorporate measurable and, so far as is possible,

Part 3G – Contract Procedure Rules

objective quality and performance criteria (Key Performance Indicators or clearly defined milestones/deliverables) to enable the contract to be monitored and managed and should build in a capacity for flexibility and innovation, to secure sustained improvements and the ability to meet changing local and national circumstances.

- 15.54 Where appropriate, specifications should identify and allocate the risks inherent in the contract.
- 15.65 If a contract may involve the transfer of employees (from the Council to a contractor or from one contractor to another), the tender documents should, if the contractor has assured confidentiality of personal information, include all relevant information relating to those employees.
- 15.76 The Director must obtain all necessary professional and technical advice and assistance in preparing a specification, to ensure a comprehensive document that expresses the Council's requirements and protects its interests. Consultants or other third parties who assist in the preparation of a specification must not be invited to tender or quote for the contract.

~~16.~~ 16. Contract Procedures

- 16.1 If a corporate contract is in place for the supply of any works, goods or services, the Director must place orders under that contract. Legal and Procurement Services publishes data to enable Directors to order from corporate contracts.
- 16.2 The Director in conjunction with the Head of Legal and Procurement Services must establish whether the public procurement legislation or the Provider Selection Regime applies to a proposed contract. If in doubt, Legal Services will advise whether either legislation applies. When public procurement legislation does apply, the Director/ Head of Legal and Procurement Services must use the Open procedure or the Competitive Flexible procedure unless Legal & Procurement Services agree to the use of a Direct Award procedure. ~~must use the open or restricted procedure unless Legal Services agrees the use of competitive dialogue or the negotiated procedure.~~ Where the Provider Selection Regime applies to a proposed contract, the Director/Head of Legal and Procurement Services must use one of the provider selection processes in accordance with the Provider Selection Regime guidance. In order to drive competitive procurement and value for money on all contracts, the default position of the Council is that a competitive procedure must be adopted.
- 16.3 The Head of Legal and Procurement Services will place all notices relating to contracts ~~in Find a Tender on the Central Digital Platform~~ where applicable and will ensure compliance with all applicable laws and regulations relating to the Council's procurement activities.
- 16.4 The Director need not obtain competitive quotations for contracts of less than £10,000 in value but must demonstrate in any event that the Council is receiving value for money. ~~17.43~~ Where the Health Care Services (Provider Selection Regime) Regulations apply, the selection of suppliers to be awarded or invited to tender for the contract must follow the requirements of that legislation. No financial thresholds apply to the Provider Selection Regime.

~~17.7~~ The Head of Legal and Procurement Services shall be responsible for ensuring that the appropriate Procurement Termination Notice is published on the Central Digital Platform in the event of an abandoned procedure unless exemptions apply.

~~18.~~ **18. Opening Formal Tenders**

- 22.1 Amendments to invitation to tender or ~~invitation to quote~~ Request for Quotation (RFQ) documents, made after the invitations have been sent out, must be clearly headed “Tender Amendment” or “Quotation Amendment” as appropriate and sent to all suppliers who have been invited to tender or quote. –If there is more than one amendment, they should be numbered consecutively. Amendments should be sent out in sufficient time to allow suppliers to adjust their tenders or quotations as appropriate.
- 22.2 A supplier’s tender or quotation is ~~his-its~~ offer to the Council, which the Council may accept as it stands. –Once a tender or quotation has been submitted, alterations will only be accepted through formal clarifications under the competitive process undertaken, restricted procedure; or negotiations under the Competitive Dialogue process of the Public Contract Regulations 2015 or Health Care Services (Provider Selection Regime) Regulations 2023.
- 22.3 In all other situations, if a supplier attempts to alter their offer after the last date for receipt of tenders or quotations, they must be given the opportunity to stand by or withdraw their original offer.– Correction of an obvious arithmetical error, which would reduce the price to be paid by the Council or increase the price to be paid to the Council, may be accepted.
- 22.4 Where performance specifications are used, a tender or quotation that is expressed to be conditional upon the Council’s acceptance of alterations to the specification or the terms and conditions of contract, may be treated as non-compliant and rejected. This does not prevent the Council inviting variant bids (that is an invitation to submit an alternative bid that could then be considered as being to the Council’s benefit provided that the condition applying to the mandatory reference bid is followed). If variant bids are invited, suppliers must be required to submit a mandatory reference bid based on the specification and terms and conditions included in the invitation to tender or invitation to quote, so that all bids may be compared fairly.
- 22.5 Where outcome-based specifications are used it will be for the bidder to decide the method of service delivery. Tenders or quotations will be evaluated fairly against published evaluation criteria.
- 22.6 A properly approved and compliant competitive– process involving dialogue ~~process~~ or ~~negotiated negotiation procedure~~ will normally result in one or more Best and Final Offers as a result of negotiation with selected bidders. No alteration to the Best and Final Offer, in terms of outcomes or contract price, is permitted without the specific approval of the Monitoring Officer.

~~23.~~ 23. **Contract eExtensions**

- 23.1 Where extensions to contracts have been included in the original advert, tender documentation and contract, subject to Procurement Panel/Board approval, the extensions may be agreed; where performance is satisfactory and the original contract terms are to continue (including price variations in line with the original contract) through the issuing of a contract change note or variation schedule. The contract change note / variation schedule must be kept with the original contract in line with the document retention policy and must be signed by the officer who signed the original contract, or in their absence for whatever reason,

Part 3G – Contract Procedure Rules

by another officer authorised to sign the original contract.

- 23.2 For Contracts of £100,000 in value and over, or irrespective of value where captured by the Provider Selection Regime, these will be approved by Procurement Panel/Board as set out in Appendix 2.

~~24.~~ **24. Contract Variations**

- 24.1 For contract variations, if a contract variation is proposed where the terms and conditions of the original contract will be changed, the Head of Legal and Procurement Services or relevant Panel/Board shall require a written report from the responsible officer requesting approval in line with Appendix 3 for ~~acceptance and detailing acceptance, detailing the reasons for doing so, and clearly outlining the relevant legislative regime applicable and the satisfaction thereof.~~ This shall be recorded in writing. ~~Once approval is received, a contract change note will be issued and kept with the original contract documentation. All written reports will be stored in line with the document retention policy. If a contract is executed as a deed, a short supplemental deed may be drafted, and this will be dealt with on request to Legal Services.~~

- ~~24.2 In relation to the procurement of goods, services and works, the Head of Legal and Procurement Services shall ensure that the Contract Change Notice is published prior to the variation being executed and becoming effective unless exemptions apply.~~

- ~~24.3 A contract change note will be issued and kept with the original contract documentation. All written reports will be stored in line with the document retention policy. If a contract is executed as a deed, a short supplemental deed may be drafted, and this will be dealt with on request to Legal Services.~~

- ~~24.4 Where a contract modification results in the revised total contract value exceeding £5m, the contract is known as a 'convertible contract' and is subject to the additional notice requirements found at 27.2 - 27.4.~~

25. Form of Contract

- 25.1 Legal Services will decide whether a contract is to be executed as a deed or under hand as a simple contract. As a general rule, any works contracts, and high value contracts equal to or exceeding £1,000,000 and which are expressed to be executed as deeds must either be:
- 25.1.1 made under the Council's seal attested by the City Solicitor or authorised signatory; or
 - 25.1.2 signed by at least two officers of Legal Services duly authorised by the City Solicitor
- 25.2 All contracts created as deeds must be made in accordance with the provisions of Rule 25.1 above, witnessed in accordance with the relevant provision of the Scheme of Functions Delegated to Employees by an Officer authorised to do so.
- 25.3 A contract executed as a deed is retained for twelve years to enable any action to be taken under it, if required

Part 3G – Contract Procedure Rules

25.4 Contracts of ~~between~~ up to £999,999 in value can be signed under hand for and on behalf of the Council by Directors and Heads of Service, or an authorised signatory.

25.5 Any contracts entered into on behalf of the Council which are being executed by electronic means (using an electronic execution software tool) shall be undertaken in accordance with the process set out in the Contract Execution Process.

26. Social Value

26.1 The Public Services (Social Value) Act 2012 and the National Procurement Policy Statement requires the Council to consider delivering Social Value through contracts ~~for services~~. ~~However, the~~The Council encourages consideration of social value outcomes in all contracts, where it can be evidenced that it is relevant to the subject matter of the contract.

26.2 For those contracts that fall below the threshold, the approach should be to maximise outcomes where possible.

26.3 In order to ensure that the Council adheres to the Act and the National Procurement Policy Statement, the social value sought from a contract must be relevant and proportionate in respect of the proposed contract.

27. Contract Administration and Management

27.1 In relation to the procurement of goods, services and/or works, and concession arrangements, the Head of Legal and Procurement Services shall arrange for publication of a ~~Ce~~contract ~~award~~-Details notice for contracts valued in excess of £25,000 no later than 30 days after contract award, if appropriate, and shall keep a register of the notified information, which shall be available for inspection by appointment by any Member of the Council, internal and external auditors and any member of the public.

~~27.2 In relation to the procurement of goods, services and works above £5m, the Head of Legal and Procurement Services shall ensure that the Contract Details Notice contains details of no less than three Key Performance Indicators in accordance with the PA2023 unless exemptions apply.~~

~~27.3 In relation to the procurement of goods, services and works above £5m, the Head of Legal and Procurement Services shall arrange for the publication of a redacted copy of the contract unless exemptions apply.~~

~~27.4 In relation to the procurement of goods, services and works above £5m, the Head of Legal and Procurement Services shall arrange for the publication of the Contract Performance Notice not less than once every twelve (12) months unless exemptions apply.~~

~~27.5 In relation to the procurement of goods, services and works, the Head of Legal and Procurement Services shall arrange for the publication of the Contract Termination Notice (including through natural expiry) unless exemptions apply.~~

27.42 In relation to the procurement of health care services captured by the Provider

Part 3G – Contract Procedure Rules

Selection Regime, the Head of Legal and Procurement Services shall arrange for publication of a contract award notice for all contracts irrespective of value no later than 30 days after contract award and shall keep a register of the notified information, which shall be available for inspection by appointment by any Member of the Council, internal and external auditors and any member of the public.

27.53 The Head of Legal and Procurement Services shall be responsible for ensuring that a procedure on “Contract Administration and Management” is made available to all officers and partners managing contracts on the Council's behalf.

28. Prevention of fraud and corruption

28.1 All purchases, contracts and income covered by these rules must be let in line with the Council's Anti-fraud and Corruption Policy and Strategy and in line with the requirements of the PA2023 and Provider Selection Regime.

28.2 If an officer of the Council has a pecuniary interest in a contract or proposed contract, he/she must in accordance with Section 117 of the Local Government Act 1972 register the interest with the **Monitoring Officer** and declare it at any meeting at which the officer is present and the contract is discussed and thereafter leave the room and take no further part in the discussion.

28.3 If an officer of the Council has a personal or non-pecuniary interest in a contract or proposed contract, they must declare that interest to the Chief Executive or to their Director, as appropriate, as required by the Council's Code of Conduct for Employees and relevant employee policies.

28.4 If a Member of the Council has a disclosable pecuniary interest or other relevant interest in a contract as defined in the Code of Conduct for Elected and Co-opted Members, the member must take such action as is required by that Code.

28.5 A contract must be terminated immediately, and any losses to the Council arising from the termination recovered from the supplier, if the supplier, or anyone acting on their behalf:

(a) offers or gives or agrees to give any member or officer of the Council any gift, benefit or consideration of any kind or value as an inducement or reward with regard to the contract; or

(b) commits any offence under the Bribery Act 2010 or section 117 of the Local Government Act 1972.

A declaration to this effect must be contained in all invitations to tender or quote.

28.6 The attention of officers is drawn to the Council's Code of Conduct for Elected and Co-opted Members, Whistleblowing policy, Disciplinary Policy and Procedures and the Code of Conduct for Employees and relevant employee policies. Non-compliance with these CPRs constitutes grounds for disciplinary action.

Part 3G – Contract Procedure Rules

28.7 All of the requirements in Rule 28.1 to 28.6 above will apply to any third party acting on the Council's behalf in a contractual situation e.g. consultants and community representatives on evaluation panels.

29. Freedom of Information Act 2000

29.1 When entering into contracts the Council will refuse to include contractual terms that purport to restrict the disclosure of information held by the Council and relating to the contract beyond the restrictions permitted by the Act. Unless an exemption provided for under the Act is applicable in relation to any particular information, the Council will be obliged to disclose that information in response to a request, regardless of the terms of any contract.

29.2 When entering into contracts with non-public authority contractors, the Council may be under pressure to accept confidentiality clauses so that information relating to the terms of the contract, its value and performance will be exempt from disclosure. As recommended by the Information Commissioner, the Council will reject such clauses wherever possible. Where, exceptionally, it is necessary to include non-disclosure provisions in a contract, the Council will investigate the option of agreeing with the contractor a schedule of the contract that clearly identifies information which should not be disclosed. The Council will take care when drawing up any such schedule and be aware that any restrictions on disclosure provided for could potentially be overridden by obligations under the Act, as described in the paragraph above. Any acceptance of such confidentiality provisions must be for good reasons and capable of being justified to the Information Commissioner. When entering into the above contracts the Council will make it clear that these restrictions apply to sub-contractors also and that the Secretary of State has the powers to designate them as 'public bodies' for the purpose of making them comply with the Act.

29.3 The Council will not agree to hold information 'in confidence' which is not in fact confidential in nature. Advice from the Information Commissioner indicates that the exemption provided for in section 41 only applies if information has been obtained by a public authority from another person and the disclosure of the information to the public, otherwise than under the Act, would constitute a breach of confidence actionable by that, or any other person.

29.4 It is for the Council to disclose information pursuant to the Act, and not the non-public authority contractor. The Council will take steps to protect from disclosure by the contractor information that the authority has provided to the contractor (which would clearly be exempt from disclosure under the Act) by appropriate contractual terms. In order to avoid unnecessary secrecy, any such constraints will be drawn as narrowly as possible and according to the individual circumstances of the case. Apart from such cases, the Council will not impose terms of secrecy on contractors.

29.5 The Head of Legal and Procurement Services will be responsible for advising on the application of the Freedom of Information Act and contracts, in conjunction with the Council's Head of Information Governance, where circumstances arise that are not specifically covered by Council policy. He/she will also be responsible for updating procedure following any case law that materially amends or augments Council policy in this area.

30. Management of Risk in Contracts

For contracts of strategic importance, a risk register will be drawn up for the contract letting process. Once the contract is awarded, a risk register to cover the implementation and successful ongoing management of the contract will be drawn up by the Head of Service or authorised deputy. This risk register will be monitored in line with the corporate guidance on risk throughout the life of the contract.

31. Impact of Other Legislation

In addition to what has already been mentioned in these Rules, there is other legislation that may impact on the supplies, services and works required when following a contract tender or quotation procedure such as Health & Safety, Safeguarding, Modern Slavery, to name but a few. This legislation must be incorporated where relevant and appropriate. In particular, the Director must consider whether the contract needs to include, or be subject to, a Data Sharing Agreement where the nature of the contract services is such that personal data is likely to be shared.
