

83/13-01

We the undersigned call on the City Council to ask Whitefriars Housing Group to take action to address a number of problems arising from Whitefriars land on corner of Keppel St/Wright Street.

- 1. Constant fly tipping on said plot of land
- 2. Anti-social behaviour – youths gather creating noise/disruption for residents
- 3. Groups of youths sitting in parked vehicles during the nights and smoking drugs and playing loud music.

We recommend that Whitefriars either secure area with fencing or use it for development.
