Hi Michelle,

I have no objections on this subject to the following;
Have agreed with the area manager (Naushad Busawon) to have a condition on the licence for a noise management plan (wording to be used below), hope that's all ok with you, let me know if you have any questions.

Noise Management Plan

A noise management plan shall be provided by the applicant within 1 month of the application being approved.

The plan shall be submitted to the Environmental Protection Team for approval and then implemented following approval; the plan shall cover the following:

- Noise from the premises and any amplified music and/or voices.
- Noise from any plant and machinery.
- Noise in outdoor areas including car parks, noise from vehicles and people.
- Noise from any deliveries and waste collection.
