Client Duties:

Where shown on PJA Design Drawings, the position of services is based on information provided by contractor and client to identify risks associated with the construction stage and to design appropriate measures to mitigate.

The client is directed to Regulation 4 of the CDM 2015 Regulations: Client duties in relation to managing projects.

The risks identified on the PJA Scheme Design Risk Assessment are based on the information available at the time of the Design Drawings.

These Drawings are for planning approvals and are not to be used for construction purposes. It is the responsibility of the client to ensure that these Drawings are not used for construction or for any other purpose.

Notes:

- Dimensions shown are in metres unless stated otherwise.
- Road markings & traffic signs are to be in accordance with "The Traffic Signs Regulations and General Directions 2002'.
- Tactile paving is to be in accordance with Guidance on the use of tactile paving on highways 2007.
- The design shown is aligned with Ordnance Survey ProMap data and not topographical survey data. Dimensions will require verification on site.
- Visibility Splays shown are taken from 'MFS' Surveying and lighting matters reserved.

Notes:

- Client Duties shown are in metres unless stated otherwise.
- Road markings & traffic signs are to be in accordance with 'The Traffic Signs Regulations and General Directions 2002'.
- Tactile paving is to be in accordance with Guidance on the use of tactile paving on highways 2007.
- The design shown is aligned with Ordnance Survey ProMap data and not topographical survey data. Dimensions will require verification on site.
- Visibility Splays shown are taken from 'MFS'.
- Surfacing and lighting matters reserved.

Key:

- Highway Boundary
- Site Boundary
- Visibility Splays
- Tactile Paving

- Surfacing and lighting matters reserved.
The risks identified on the PJA Scheme Design Risk Assessment are based on the information available at the time of the design and is for guidance only. It is the responsibility of the Client and Contractor to verify the exact position of any services before commencing works on site.

The client is directed to Regulation 4 of the CDM 2015 Regulations: Client duties in relation to managing projects.

Client Duties:

- To receive a detailed design (drawing date) where shown on PJA Design Drawings, the position of services is based on information provided by the contractor and client to identify risks associated with the construction stage and to design appropriate measures to mitigate.

Dimensions shown are in metres unless stated otherwise.

Road markings & traffic signs are to be in accordance with "The Traffic Signs Regulations and General Directions 2007".

Specific guidance is to be in accordance with "Guidance on the use of tactile paving", "CIBSE CP17".

The design shown is aligned with Ordnance Survey ProMap data and not survey data and survey dates. Consultation will require certification on site.

Visibility Splay zones are taken from MFS.

Notes:

- The design has been produced with reference to the CDM Regulations 2015, Regulations A.6.2.
- Dimensions shown are in metres unless stated otherwise.
- Road markings & traffic signs are to be in accordance with "The Traffic Signs Regulations and General Directions 2007".
- Specific guidance is to be in accordance with "Guidance on the use of tactile paving", "CIBSE CP17".
- The design shown is aligned with Ordnance Survey ProMap data and not survey data and survey dates. Consultation will require certification on site.

Visibility Splay zones are taken from MFS.
