110. Minutes of the meeting held on 20 February 2018

The Minutes of the meeting held on 20 February 2018 were agreed and signed as a true record subject to a minor amendment to the list of councillor votes on page 15. (Councillor S Thomas, should be Councillor C Thomas.)

111. Coventry Good Citizen Award

On behalf of the City Council, the Lord Mayor presented Mr Haroon Mota with the Good Citizen Award. His citation read:

“Haroon Mota has dedicated his adult life to making a difference in people’s lives all over the world. He is a fundraising manager for Penny Appeal a humanitarian charity set up to provide poverty relief across Asia, the Middle East and Africa, the organisation offers water solutions, organises mass feedings, supports orphan care and provides emergency food and medical aid.

Haroon is also an avid Marathon runner. In the past 5 years he has completed over 30 Marathons to raise money to improve the lifestyles of some of the poorest people in the world. In 2017 Haroon ran four consecutive marathons in just 4 weeks, from Manchester to Paris, Boston (Lincolnshire) and London, totalling 105 miles, which ultimately raised £28,000 to build a solar water power centre to provide both water and electricity to poor and needy people living in Gambia.

In addition to running marathons to raise money Haroon led a team to climb Ben Nevis raising £30,000 and embarked on a challenge leading a team to climb Kilimanjaro, a challenge that raised £140,000 for Penny Appeal. It is evident that through Haroon’s work with Penny Appeal and his voluntary work he has shown tremendous commitment to improve the lives of people who are less fortunate, his actions properly reflect his character and he is a worthy recipient of this Good Citizen Award”.

115. Coventry's Economic Growth and Prosperity Strategy 2018-2022

Further to Minute 136 of the Cabinet, the City Council considered a report of the Deputy Chief Executive (Place) which outlined Coventry's Economic Growth and Prosperity Strategy 2018-2022.

Since 2011 Coventry has had a Jobs Strategy which set out the Council's plan and approach to growing the number of jobs and economic opportunities in the City. In order to deliver a modern and fit-for-purpose service for the people of Coventry it was proposed to adopt a more holistic approach and support a new Economic Growth and Prosperity Strategy (EGPS) to replace the previous jobs strategies.

This five-year Strategy outlined sets out Coventry's vision to deliver sustainable and inclusive economic growth which would enable all residents and businesses to prosper.

The report detailed what the aspirations of the Strategy were and it was anticipated that every £1 invested by the Council would create £40 of additional investment in local economic growth.

In addition, the report stated that set against three strategic themes of Business, People and Place, the EGPS would deliver directly against a number of priorities

within the Council's Plan. It would also deliver against the Coventry & Warwickshire Local Enterprise Partnership (CWLEP) Strategic Economic Plan, the West Midlands Combined Authority Strategic Economic Plan and the emerging local industrial strategy.

RESOLVED that the City Council:

- 1. Approves Coventry's Economic Growth and Prosperity Strategy 2018-2022.**
- 2. Agrees to receive an annual monitoring report on the progress towards the Strategy's aspirations and targets as part of the Council's Plan performance monitoring.**

116. Public Realm Phase 5

Further to Minute 139 of the Cabinet, the City Council considered a report of the Deputy Chief Executive (Place) which provided detailed works for schemes in Coventry City Centre Public Realm Phase 5, as set out in the appendices to the report and their prioritisation for implementation. The report also sought agreement to the detailed works for additional Public Realm Phase 5 schemes if further funding was secured and to the addition of £1.94m Council Capital Receipts to the 5 year Capital Programme, to contribute to the Charterhouse restoration.

Since 2011 the Council had transformed the City Centre through a £57m programme of investment in the public realm. This investment would be completed by Phase 4 of the public realm improvements due to be completed later this year, using Coventry and Warwickshire Local Enterprise Partnership (CWLEP) Local Growth Deal grant. The impact of this work had been significant, attracting developers to invest in the City, such as the developers transforming Cathedral Lanes into a vibrant restaurant quarter.

The award of UK City of Culture provided a fantastic opportunity to further enhance the City Centre in preparation for 2021 to ensure people gained a positive image of the City, and to create a lasting legacy for residents and businesses beyond 2021. Given the investment already made in public realm, Coventry has the opportunity to consider the delivery of an even more ambitious programme of public realm improvements. A series of transformational public realm improvements were proposed to be delivered under a new Public Realm Phase 5 Programme. The proposed schemes would deliver enhancements to key strategic areas of the City, improve accessibility and connectivity across the City and also enhance the setting of the key events venues and visitor attractions.

The priority order may be amended in response to funding availability and deliverability of the projects. The aspiration was to deliver as many transformational schemes as practical by 2021, with a longer term aim to deliver the remaining schemes post 2021 to create a lasting legacy. The total programme cost was estimated to be in the region of £120m, which included the funding necessary to provide for the estimated additional 14 posts required to deliver the ambitious programme ahead of 2021. The costs were estimates at present, the list of projects wasn't exhaustive and adequate funding to deliver the Schemes did not currently exist. It was recognised that a Programme of this significance would have

impact upon the Capital Programme and external funding would need to be secured. Therefore, delegated authority was sought in order for the Deputy Chief Executive (Place), following consultation with the Cabinet Member for City Services, the Cabinet Member for Jobs and Regeneration and the Section 151 officer, to agree the detailed Programme of works should funding become available.

Currently the Council had successfully secured £11.8M Local Growth Deal funds from CWLEP. Of this £7.75m was allocated to deliver the initial Phase 5 of City Centre Public Realm improvements. As this funding was time limited, it would be allocated to the top priority project or projects as set out in the report. The remaining £4m was allocated to deliver other key infrastructure projects as set out in the Connecting Coventry Update Report, as detailed in Minute 117 below. The Council had also identified £1.94m capital receipts to match fund the Heritage Lottery Fund (HLF) Bid to restore the Grade I listed Charterhouse and re-open to the public as part of proposals to create a new heritage park.

In addition, to support Coventry's City of Culture status, it was proposed that further funding would be sought from other sources, including WMCA for funding from within Coventry's £284m Devolution Deal allocation (which included £37m from the HS2 connectivity package), along with exploring other government funding opportunities. A funding bid would be required to be submitted for additional funding for Public Realm. If WMCA funding was sought, a business case would be required and approval would be subject to WMCA's assurance framework process.

RESOLVED that the City Council:

- 1) Authorises the Council to enter into Local Growth Deal funding agreements for £7.75m Growth Deal 3 for the top priority schemes in the Public Realm Phase 5 Programme.**
- 2) Approves the addition of £1.94m Council Capital Receipts to the 5 year Capital Programme, to contribute to the Charterhouse restoration.**
- 3) Delegates authority to the Deputy Chief Executive (Place) and the Director of Finance and Corporate Services following consultation with the Cabinet Member for Jobs and Regeneration and the Cabinet Member for City Services to enter into future WMCA funding agreements secured and deemed necessary to deliver the Public Realm 5 schemes which shall include the authority to:**
 - Determine the final content of the relevant Outline and Full Business Cases and submit funding bids to the West Midlands Combined Authority in relation to the work to be delivered within the Public Realm 5 scheme; and**
 - If the funding bids are successful to agree the final terms of the grant agreement with the WMCA**
- 4) Notes the addition of the Growth Deal 3 £7.75m Public Realm Phase 5 Programme of works, as set out in Appendix B to the report, has been**

approved as part of the Capital 5 Year Programme that was taken to Council as part of the Budget Report 2018-2019 on 20th February 2018 (their minute 128/17 refers).

- 5) Delegates authority to the Deputy Chief Executive (Place), following consultation with Cabinet Members for City Services and Jobs and Regeneration, alongside Procurement Board to agree the most appropriate procurement route for the works to be delivered.**

117. Connecting Coventry - Strategic Transport Investment Programme Update

Further to Minute 141 of the Cabinet, the City Council considered a report of the Deputy Chief Executive (Place) which provided an update on how Coventry's Strategic Transport Investment Strategy 'Connecting Coventry' had progressed over the last 14 months and sought further approvals to take forward to delivery.

Coventry's Strategic Transport Investment Strategy 'Connecting Coventry' aimed to maximise the economic potential of the City through investment in transport infrastructure to support growth and jobs. The Strategy was approved by Council in January 2017 (their minute 100/16 refers). It set out an ambitious £620m Programme over the next ten years to improve the resilience of the road network, ensuring connectivity to HS2 and job opportunities around the new station, expansion of railway capacity and linking key development and employment sites.

The Strategy supported the transport infrastructure and development plans for the wider region, as detailed in Appendix 1 to the report. Coventry's Programme was summarised in Appendix 2 to the report and outlined four key programmes Coventry South, City Centre First, Coventry North and Very Light Rail.

The award of City of Culture 2021 status to Coventry offered a fantastic opportunity to boost growth for the City and wider sub-region. Having the transport infrastructure in place was critical to facilitate and maximise the benefits of City of Culture. This had prompted a review of the Programme and it was recommended that the Station Masterplan and City Centre infrastructure improvements were brought forward to be delivered by the end of 2020.

It was important that City Centre infrastructure improvements required to support City of Culture were delivered in time for 2021 and left a legacy for Coventry.

To showcase the City's position as a world class centre for innovation, it was proposed to bring forward delivery of a section of the first proposed Very Light Rail route in time for the City of Culture in 2021. The feasibility of this was currently being investigated, and a further report would be brought to Council later in the spring 2018 if it was considered both deliverable and financially viable to bring forward.

In order to deliver the Very Light Rail project in time for City of Culture, approval was sought to enter into a Contract for Services with Warwick Manufacturing Group (WMG) develop and deliver a safety certified prototype vehicle and track system. The City Council was also collaborating with Dudley Council and WMG on the creation of the Very Light Rail Innovation Centre in Dudley which would create a facility for testing vehicles and track.

It should be noted that there was a robust governance structure in place for the Programme that captured risk management for each of the projects within the overarching Programme. The budget for each project included contingency to allow for any cost increases and there was some flexibility to manage funding across the Programme, subject to approvals for any variations from funding bodies.

Further to the above, it was imperative that coordination of activities across the road and rail network were managed strategically, given the significant works that were about to commence in the region which would impact on those travelling to Coventry, including HS2, Highways England Smart Motorways Schemes at M6 J2-4, M42 J6 and M40/M42 interchange. Coventry City Council would be required to work closely with Transport for West Midlands and neighbouring authorities in order to co-ordinate activities to support network resilience. The Council would also be required to work closely with the City of Culture Trust regarding events planning, to ensure that events were co-ordinated around major planned works. The volume of works taking place would influence the ability of the Council to deliver some of the proposed Schemes ahead of 2021, therefore flexibility would be required regarding the timing and approach to delivery.

Councillor G Crookes moved the following amendment to Recommendation 1 which was seconded by Councillor T Sawdon and lost:

“In the first sentence, that after the words “Cabinet Member for Jobs and Regeneration” insert the words “, the Leader of the Opposition or his appointee,”

The amended Recommendation now to read:-

1. Delegate authority to the Deputy Chief Executive (Place), following consultation with the Leader, the Cabinet Member for Jobs and Regeneration, the Leader of the Opposition or his appointee and the Director of Finance, and Corporate Services, and in the case of city centre public realm and infrastructure improvements, also the Cabinet Member for City Services to:

The remainder of recommendation 1 to remain the same”.

RESOLVED that the City Council:

- 1) Delegates authority to the Deputy Chief Executive (Place), following consultation with the Leader, Cabinet Member for Jobs and Regeneration, the Director of Finance and Corporate Services and in the case of City Centre Public Realm and infrastructure improvements, the Cabinet Member for City Services to:**

119. Annual Pay Policy Statement 2018-19

The City Council considered a report of the Deputy Chief Executive (People) which presented the Annual Pay Policy Statement 2018/2019.

Local Authorities are required by sections 38 and 39 of the Localism Act 2011 to produce an annual Pay Policy Statement. The Statement must articulate the City Council's policies towards a range of issues relating to the pay of the workforce, particularly the most senior staff (or "chief officers") and the relationship of their pay to the lowest paid employees. The proposed Pay Policy Statement for 2018/2019 was attached as appendix 1 of the report.

RESOLVED that the City Council approves the Annual Pay Policy Statement 2018/19 attached at Appendix 1 of the report.

120. **Keresley Parish Council**

The City Council considered a report of the Deputy Chief Executive (Place) which sought authority to delegate the appointment of persons to the Keresley Parish Council to the Deputy Chief Executive (Place) and the Monitoring Officer following consultation with the Leader of the Council and the Leader of the Opposition Group.

Following recent resignations by a number of councillors at Keresley Parish Council, only three remained which left the Parish Council inquorate and unable to act. In such circumstances, it was the responsibility of the Principal Council to appoint persons to fill all or any of the vacancies until other councillors were elected and took up office.

The following Motion was moved by Councillor J Mutton and seconded by Councillor S Bains:

“This Council notes with concern the increasing crime rate in the City. We believe that it is the Government cuts and the damping of Police budgets which has led to the reduction in frontline police numbers and thus their inability to respond to the growing number of incidents that are reported. We recognise the tremendous and often dangerous work carried out by our Police Officers to keep us secure and safe and this Council will continue to give our full support to the Service.

This Council calls upon the Home Secretary to reverse the cuts in Police budgets that have been made over the last few years so that the Citizens of this City have a Police service that is capable of responding to their needs”.

In moving the Motion, Councillor J Mutton referred to the petition detailed in Minute 113(d) above, and asked that it be forwarded to the Home Secretary with a copy of the Motion and Council resolution.
