Subject: new premise application

Hi Mr Blackburn,

could you please take this email as a formal objection to the new premises application at Burger Boi(MTB foods limited) 48 Daventry road Coventry cv3 5dp.

I'm sure that you may have had some response to this already, my objection are highlighted below,

additional take-away delivery drivers would be noise and litter pollution, we as residents are currently plighted on a daily occurrence with inconsiderate parking across drives and yellow markings etc.. causing safety concerns.

opening up for an additional hour doesn't warrant business needs, just in fact causing harassment to local resident's.

please keep me informed on any meetings on this matter which or any notices in regards to this application.

kind Regards

**Title:** Extended Opening Hours, Burger Boi, Daventry Rd

**Statement:**

We the undersigned petition the Council to not extend the opening hours of Burger Boi from 23.00 to 00.00 Monday - Sunday

**Justification:**

This would have a detrimental effect on the residents in the surrounding area, Daventry Road is a residential area.

Currently with 23.00 closing activity does not just stop at 23.00, therefore extended to 00.00 activity would continue past midnight, this is not acceptable to local residents most of whom will be in bed at this time.

Originally 23.00 closing avoided late night disturbance by traffic, parking and loud voices, what is different now?
