Totals (excludes Cabinet)	101	72	19	6	4	72.94	18.74	5.62	3.73

The total number of seats allocated to a Group is matched as closely as possible to the rounded entitlement for that Group. The number of seats on each Committee is matched as closely as possible, except for the Ethics Committee on which all Groups are represented, but adjusted manually where required to ensure that the number of seats allocated to a particular Group matches their entitlement as closely as possible. Seats on Cabinet and the Coventry Shareholders Committee are not part of the proportional allocation.
